

## Philosophy and Objectives

The purpose of the club is to enable like-minded people to meet regularly for the enjoyment, mastery, and furtherance of all aspects of the craft and art of photography.

This is achieved through good fellowship, mutual support, ongoing learning and personal effort.

## Club Activities

### Workshops

Hands-on workshops on a variety of photographic/digital topics and levels are held at least twice each month. They are hosted by the more experienced members of the club at their homes.

### Lectures

Instructional lectures and demonstrations are given by invited guest speakers. These speakers are highly regarded professionals in the photographic/digital field.

### Field Trips

Several times a year, club members get together to visit a variety of places to take photographs.

### Members' Nights

On these nights, club members have an opportunity to showcase their work through photo essays, print exhibits, and other demonstrations.

### Theme Night

The subject matter is pre-determined and the images are "live-judged".

### Club Competitions

Club competitions have proven to be both entertaining and a great learning experience. Four regular competitions are held each club year in the categories of projected images (digital and slides) and prints. They are judged by accredited judges from outside of the club, and they are then presented at a club meeting with their comments and scores.

### Inter-Club Competitions

The club participates in an annual competition among camera clubs in the Greater Toronto Area. *Each year since 1974, the Don Mills Camera Club has had a friendly competition with the Hamilton Camera Club for the Bronze Box trophy.*

### Annual Awards Night and Banquet

This is the "grand finale" of the season, attended by members, their spouses, and guests.

### Newsletter

Members receive complimentary copies of the club's quarterly newsletter *Reflections*.

## Meetings and Location

### Dates

The club year runs from September to April, every 2<sup>nd</sup> and 4<sup>th</sup> Thursday at 7:30 p.m.

Please consult the programme schedule on the inside of this pamphlet.

New guests are always welcome.

### Meeting Location

Don Mills Public Library  
888 Lawrence Avenue East  
Don Mills, ON M3C 1P6  
Lower Level Auditorium

*Workshops and field trips are held on alternate Thursdays at 7:30 p.m. at other locations.*
